Survival es una organización mundial de apoyo a los pueblos indígenas. Defiende su derecho a decidir su propio futuro y les ayuda a proteger sus vidas, tierras y derechos humanos.

PROTECT uncontacted tribes

Oil workers and illegal loggers are invading the lands of uncontacted tribes in Peru

Dear President Humala,

Oil drilling and logging in uncontacted tribes' territories could wipe the Indians out.

Please protect these peoples' right to live in peace and security – stop the loggers and oil companies from entering their land.

Yours sincerely,
